Is this animal a result of an A I breeding? yes _____ no _____

Born the property (signature)_____

PROCEDURES FOR REGISTERING AN ANIMAL

1. Each animal to be registered must have a name. Names must be short. Herd names must be registered with the Society. In order to avoid duplications the office manager may offer a substitute name. Names cannot be changed after registration is completed. The animal's name is to begin with the breeder's herd name.
2. The breeder of an animal is the person who owns the dam at the time of buck service. If the breeder is not the owner of the buck, a Service Memo signed by the owner of the buck will be required.
3. When a registered goat is sold that animal's certificate must be returned with signed bill of sale and the transfer recorded before its progeny can be registered.
4. Unsound or unworthy individual animals, or those not having the standard breed characteristics of color, should not be presented for registry. Such animals will not be registered in the Herd Books of this Society when the facts are known. False and unworthy registrations will be cancelled without refund.
5. A recognized purebred is one sired by a purebred registered sire and from a purebred, registered dam of the same breed. The animal should have the standard breed characteristics as to color and/or type. The registry number is preceded by a letter indication the breed thus: FA -Alpine; N -Nubian; S - Saanen; T - Toggenburg; P - Pygmy LM - LaMancha; SA - Oberhasli SB - Sable; D - Nigerian Dwarf
6. Under color description, give specific color markings. Disbudding or otherwise removing horns does not make the animal hornless.
7. All animals presented for registration must be assigned a tattoo prior to registration. Year - 2025 (T); 2026 (V); 2027 (W) and following the alphabet with the exception of the letter (G, I, O, Q, U). The animal must be tattooed and/or microchipped prior to registration. The tattoos must be assigned even if the animal has a microchip..
8. If the dam and/or sire is ADGA registered, a photo copy of that ADGA certificate must accompany this application. If the animal to be registered is an ADGA registered animal, then the AGS office must have a copy of this animal's certificate.
9. It is not necessary that a person be a member of this Society in order to have goats registered. The applicant is required to furnish the information, signatures and appropriate fee necessary for the completion of the registration.
10. **If the sold to line is filled in above then this is a registration with a transfer and both fees apply.**
